GPEC®

2018

GPEC General Police Equipment Exhibition & Conference®

10th International Exhibition & Conference for Police and Homeland Security 20 - 22 February 2018, Frankfurt am Main, Germany

Patron: The Prime Minister of Hessen Volker Bouffier

Equipment - Training - Operation

GPEC®

- Europe's largest **closed** specialized trade fair for the target group of security authorities
- Unique industry overview, technology and performance show, information exchange, networking and development platform and market place for police and homeland security
- International and inter-ministerial communication platform for all subject areas for authorities, manufacturers, retailers and service providers
- Leading trade fair and the only „One-Stop-Shop“ in Germany for all leadership levels and fields of equipment
- Saving of personnel, time and financial resources by summarizing all areas of interest in one place
- Specialized trade fair as core element for specialized conferences, seminars and official working group meetings
- New highlight: International conference on the fight against crime in the global and digital world under the brand name IN FACT International Forum Against Crime and Terrorism
- International conference of the Wildlife Justice Commission on fighting wildlife crime

Target groups

Since its first event in the year 2000 GPEC® as the first and only representative overview for police and homeland security equipment approaches every two years: political decision-makers, commanders, project and systems managers, developers, technicians, procurement officers, trainers and end users on international, national and regional level from the target groups

- Police
- Border Guards
- Customs and Financial Bodies
- Prison Service and Justice
- Government Security Services and Agencies
- Special Forces
- Military Police, Gendarmerie and Infantry
- Civil protection authorities and units
